I trust my report would have reached you to-day. As stated in it, it may be possible to accommodate 22 families in Bellary and Adoni. The Municipal authorities of Bellary and Adoni have already agreed to accommodate 12 and 10 families respectively. The remaining six families will also be accommodated in Adoni Town, which is a better Commercial Centre than Bellary.

Sir,

Sub: Displaced persons from Pakistan - Rehabilitation Bellary District - Report - Submitted.

Ref: Your D.O. 2177/48-39 dated 27-7-1949.

Adoni, Bellary and Hospet are the three towns in this district where the Displaced persons can be rehabilitated. As these are business centres, the new comers may not find any difficulty in pushing through their business successfully.

2. The Adoni Municipality has agreed to put up temporary sheds and till then, the refugees will be accommodated in the Choultries and other public buildings. Municipal bunk shops will be put up and leased out to the refugees.

local Rehabilitation committee consisting of the Municipal Chairman, the Commissioner, Municipal Councillors and some leading non officials has been constituted in Adoni.

3. The Bellary Municipality is unable to erect temporary sheds for want of funds but the displaced persons will be accommodated in the public buildings and Choultries until suitable accommodation is found. The Municipality has agreed to allot about 12 stalls in the weekly market and 9 stalls in the daily market for vegetables, fruits and petty shops. There are three rooms with verandahs for opening fancy goods shop or any other shop. These shops will be leased out to the refugees on monthly rent.

local Rehabilitation Committee has been formed consisting of the Municipal Chairman and the Commissioner, some of the Councillors and some of the elite of Bellary.

In all about twenty to twenty five families can be accommodated in Adoni and Bellary.

I will be inspecting these arrangements in the course of my tours.

4. The Sub Collector Hospet has reported that it is not possible to find accommodation for the refugees in Hospet, as there is already a congestion in the town. He has reported that there are a few huts belonging to the P.W.D. which are at present vacant. I am considering the possibility of accommodating the refugees, if it does not inconvenience them considerably.

With M.D. Project work in good progress in the vicinity, Hospet should afford a greater facility to the immigrants, in trade or any other business which the refugees may take up, but the problem will be accommodation for them.

I shall submit a further report after my personal inspection and after making necessary arrangements at Hospet.

Sir,

Sub; - Displaced persons from Pakistan - Rehabilitation in Bellary town - arrangements made - Report submitted.

Your Telephone Message to the Treasury Deputy Collector, Bellary on 25-10-1949.

Seventeen families of displaced persons numbering 90 (including 4 babies) arrived at Bellary on 25-10-1949 by 10-30 A.M. train. They were received by the Revenue Divisional Officer and the Tansildar, Bellary, along with Sri.D.N.Venkoba Rao. Municipal Councillor and member of Rehabilitation Committee. ~~From the~~ Four other Sindhis, who are bankers here, were also present at the Railway station. All these displaced persons are accommodated in the Old Municipal Office building. Partitions have been erected and necessary water, lighting and sanitary arrangements have been made. All the families were served food, free yesterday. Medical aid was also rendered to a few of the refugees, who are sick by the Municipal Health Officer, ~~This~~

This morning, I inspected the building in which the refugees are lodged and the arrangements made. All the refugees are comfortable and feel that they are all right here. The building, fortunately, is a nice and spacious one and has accommodated all the seventeen families. There are water taps and latrine facilities.

I inspected the stalls and rooms provided by the Municipality for the displaced persons for starting business. An educated member of the refugees (Tekchand by name) was also taken along. The managing male members of these families are to be taken round this evening and shown the stalls and rooms allotted by the Municipality, so that they can make their selections.

Ration allowance for

disbursed to the managing members of the refugee families.

The municipality which said that it was unable to meet expenditure on the refugees. has since agreed on my intervention, to meet the cost of providing partitions and other initial expenses. These partitions have already been erected and for this purpose, I have sanctioned a sum of Rs. 250/- from "57.Miscellaneous - Expenditure on Refugees etc." in anticipation of Government sanction and I have already submitted a report in the matter. Pots and tins for storing water and lighting arrangements are also provided from this amount. This will be recouped by recovering the amount from the Municipality.

Sub; - Displaced persons from Pakistan received from Avadi camp - Rehabilitation in Bellary town Arrangements for Ration allowance etc. Report Submitted.

Ref; - This office Rc. 9991/49 B9 dated 26-10-1949.

In continuation of my letter cited above, I submit that the number of families so far arrived is nineteen and not seventeen as reported yesterday.

A sum of Rs. 1267/- was drawn and disbursed as ration allowances to-day to fifteen of the families, who produced letters of identity and guarantee. The other four have given their identity cards to-day, and a bill for Rs. 143/- is to be drawn tomorrow and disbursed to them. The bill has been passed by me already today.

Tekchand, who undertook to be the mouthpiece of all the nineteen families, is ill with Asthma. The Managing male members of the nineteen families were taken round yesterday evening to have a look at the stalls offered to them by the municipality. The chief being ill, the decision of these persons has been deferred till tomorrow morning.

A further report about ration allowances drawn and paid, and the business allowances granted, will be submitted as soon as these families have taken up stalls and expressed their desire in favour of particular trades.

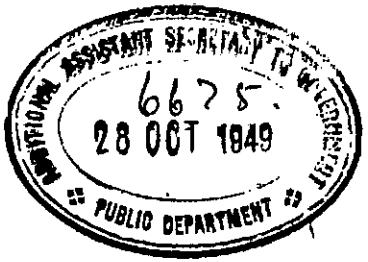
Sir,

Subject:-Displaced persons from Pakistan-Rehabilitation in Bellary town - purchase of Thatties -and making lighting arrangements -Expenditure of Rs.250-0-0 -Incurred Sanction and ratification- requested.



ooOoo

Owing to the non-availability of residential building in Bellary town, non residential buildings have been selected for housing the Displaced persons. Thatties to erect partition in these non-residential buildings, had to be purchased. The Bellary Municipality, has expressed its inability to provide any such protection for want of funds. Lighting arrangements had to be made on the day of arrival of these refugees. It is also necessary to provide them with Pots and Tins for storing water. As the Municipality has stated that it has no funds and as public donations also are not readily forthcoming to meet such incidental charges,I am incurring in anticipation of Government's approval and sanction, an expenditure to an extent of Rs.250-0-0 under "57. Miscellaneous -Expenditure on Refugees - A. Refugees from Pakistan - 2 - other charges -Miscellaneous".

I request that my action in having incurred the expenditure in anticipation of Sanction,may be approved and the amount of Rs.250-0-0 may be sanctioned.

List displaced persons from Pakistan - Rehabilitation in Madras Province - Families allotted to Bellary town - arrangements for

I am to refer to reports for the Collector of Bellary at pp 5—8 of which it will be seen that arrangements have already been made by him for the temporary accommodation of 22 families i.e. 10 in Adoni and 12 in Bellary. The Collector has also stated that the remaining 6 families allotted to his dt will also be accommodated in Adoni shortly if not in Hospet. He has also promised to send a further report in the matter shortly. It would thus be seen from the Collr's report that the families are being distributed over the important Commercial Centres in the dt so that they may be able to thrive well in their trades. There seems to be no objection to this proposed distribution over the important towns suggested by the Govt from the point of view of the interests of the families and from the accommodation point of view. The Collector may however be asked to send his further report very urgently and to state when exactly the families can be dispatched from here ~~draft memo for approval~~.

The file may however lie over till 10.10.49 when the S.D.C. will go over to the South and let us know how many more families allotted to Bellary are still in the Camps.

Para. 3 of the Collr's report. Weekly and daily markets in Bellary town are the only source for the displaced persons as they will be only open spaces. There are only three rooms with verandahs for opening fancy goods

shops. The Adoni municipality has agreed to "put up" beards. We do not know when. The arrangements are extremely unsatisfactory. We can move only three families to Bellary town. We may send an express telegram impressing on the Collr the need to find twenty-five more shops both in Bellary and Adoni at once as the refugees have to be moved before the 31st Oct. 49

(Ltr. from the Collector of Bellary No. B.9. 9991/48/28.x.48)

The letter from the Collector of Bellary at p. 35 c/ may be perused. The questions raised in the letter are dealt with below:—

Para 3 on p 35 c/:

Government ~~Orders~~ and Kishnidoss merchant in para (3) of the letter at p. 35 c/ have been granted business loans of Rs 3000 and 2750 respectively for starting jeweller's shop. They now desire to start a bakery and a wholesale general merchant's shop respectively with these loan amounts. It may, however be pointed out here that the basic loan for bakery and a general merchant's shop are only Rs 1700 and Rs 2000 respectively. In the circumstances, it is for orders whether this kind of change of trade after having taken a loan for a business requiring larger basic ~~sum~~ will be permitted.

Issue invited and advised changing the basic loans as follows:

2 Government — Bakery — Rs 2725/-

Kishnidoss — General Merchant — Rs 2000/-

dt 4.11.48

Q

This should not be encouraged. They must Basic Sum

Jewellery Shop Rs 2750

Yes

Para (4) on p 35 c/

Orders in respect of the displaced persons specified in this para have already been issued in Memo No. 6642/48-1 Pub (Elec) dept of 27.x.48. These persons may perhaps be asked to stick to the trades already elected for them

Para (5) on p 35 c/

This kind of joint business may ultimately lead to some unforeseen difficulties in the recovery of loans sanctioned to these individuals in due course. Such proposals may perhaps be discouraged for orders

S

Subject to the condition that the amounts sanctioned are not exceeded, they may choose what trade they like provided the Collr is satisfied that the [illegible] is workable

dt 2/11/48

It is their look-out. The articles in the shop will be security for the loan whether joint or individual

dt 2/11/48
